B-1. APPROVED SWIMMING FACILITIES FOR MEMBERS OF THE U.S. FORCES IN EUROPE

U.S. Forces Soldiers, civilian employees, and their Family members will use the following to determine if a facility is approved for use.

a. Swimming Areas and Facilities. Swimming areas and facilities are approved when—

(1) Qualified lifeguards are on duty. The lifeguards must possess a current American Red Cross Advanced Lifesaving Certificate, Water Safety Instructor Certification, or host-nation equivalent.

(2) Sufficient lifesaving equipment, communications equipment, first-aid facilities, and protective devices are available.

b. Swimming Pools. All public and private swimming pools (including hotel and motel pools with permission of the management) are authorized swimming areas. Adult supervision of children is required.

c. Sea Beaches. All supervised sea beaches may be used for swimming and bathing unless specifically placed off limits by local commanders or local host-nation officials for reasons of health or safety, or as prescribed by AE Regulation 190-24.

d. Lakes and Rivers. Lakes may be used when a designated swimming area exists that has on-duty lifeguards and established hours of operation posted and enforced. Rivers will generally not be used as swimming areas unless as part of a supervised sporting activity or similar event where qualified lifeguards are on duty and sufficient lifesaving equipment, communications equipment, first-aid facilities, and protective devices are available.

B-2. OFF-LIMITS SWIMMING AREAS

Garrison commanders will post off-limits swimming area lists on garrison bulletin boards by 1 May each year. These lists must also be posted on the garrison webpage under *Installation Support* or *Safety*.
